the differently abled

OUTDOOR EXPLORATIONS

Summer Water
Activities

RAFTING

A summer day spent on the Missouri River is an enjoyable and educational experience that no participant ever forgets. This program is well equipped to handle up to 20 people on the rafts, lead by staff and trained volunteer(s). There are half day floats in town or full day floats outside of town on the Missouri River. Each trip is full of great memories and friendly water fights! Some trips make time for, or are followed by a picnic lunch, giving the participants the opportunity to enjoy the beautiful outdoors even more. Call the office to schedule a trip for this summer (July through September).

PONTOON BOAT

Since 2003, Eagle Mount has been recreating on their pontoon boat with participants of all ages. Our pontoon boat is fully wheelchair accessible with a ramp to get the chairs from the dock to the boat. A double top covers all riders so sun exposure does not prevent individuals with restrictions on exposure to the sun from participating. Seniors, nursing homes, group homes, and retirement homes are encouraged to take advantage of Eagle Mount's pontoon boat! The trips are two hours long on the Missouri River, starting and ending at Broadwater Bay. The boat is generally available from the start of July to the middle of September. Call the Eagle Mount office to schedule a trip!

FISHING

Groups and individuals enjoy handicapped accessible fishing excursions along the Missouri River, at Giant Springs State Park, and Wadsworth Park. An Eagle Mount staff member and trained volunteer(s) teach and assist the participants in the art of fishing. This program offers the participants proud ownership of a job well done and some time for great social bonding with friends. Call the Eagle Mount office to schedule a summer fishing experience for you or your group.
