

COVID 19 UPDATE

Your health, safety and well-being are important to us!

In order to enable social distancing and other health practices to ensure safety, we have implemented the following procedures effective April 1, 2020.

Our staff is working remote and only in our offices for short periods of time. Our office is open by appointment only. All phone calls and emails will continue to be returned on a regular basis.

We can be reached at 454-1449 or 403-9968 or eaglemountgf@gmail.com.

We are opening just a couple programs at a time. We will post updates on this website, Facebook, Instagram and by email.

Stop the spread of germs that make you and others sick!

Cover your Cough

Participants, volunteers, visitors and staff are to maintain 6-feet of social distancing from each other. In circumstances where a 6-foot distance is impractical it is required to wear a non-medical face mask or face covering. Per the Governor's directive issued on July 15, 2020, face masks are required when indoors.

If you are ill, someone in your home is ill, or if you are known to be around someone who is ill, or traveled out of state you may be asked to not participate/volunteer in Eagle Mount Great Falls activities for at least 14 days. All are required to self-monitor for any of the [COVID-19 symptoms](#) before engaging with Eagle Mount Great Falls.

Clean your Hands

after coughing or sneezing.

Our facilities have safety protocols in place. You will be assessed at the door with a health questionnaire, temperature check and be asked to wash your hands or use hand sanitizer before proceeding to any activities within our facilities. Do not come if you are sick. All equipment and surfaces used will be cleaned and sanitized after each use.
