

ABOUT US

Eagle Mount Great Falls is a non-profit organization providing therapeutic and recreational activities for children and adults of all ages with physical, developmental, mental and/or behavioral challenges, striving to improve the quality of life for them and their families.

Founded by William S. Macfadden (a.k.a. O'Bill), Eagle Mount Great Falls is a non-profit organization that has been serving Great Falls, MT and surrounding communities since November of 1990. We offer exciting programs that allow infants, youth, adults, veterans, and seniors with challenges (who we call our "participants") to explore recreation and take on new adventures based on their abilities, not their disabilities. Parents can watch their children grow socially, emotionally, and physically and are given an opportunity to develop a personal support network with each other.

Our EMPACT program was founded in 2019 with the vision of providing a unique and inclusive experience for our community. The program is designed to promote personal growth, community outreach, leadership, and much more.

EMPACT is open to individuals aged 6 and up, with no prior horse experience required!

WHAT IS OUR EMPACT PROGRAM?

Our EMPACT program offers Equine-Assisted Learning, where horses serve as the primary teachers.

Led by a Certified Equine-Assisted Learning Facilitator, participants engage in a series of hands-on activities designed to promote growth in leadership skills, nonverbal and verbal communication, teamwork, and personal development.

Through these experiences, the horses impart valuable lessons and insights, fostering meaningful personal growth.

We will customize the EMPACT activities to fit the needs and goals of the individual or group, ensuring a personalized and impactful experience.
