

# Eagle Mount-Great Falls

## A note from our Executive Director:

Happy Fall!

I hope you have all had an enjoyable and healthy summer. It was a very different summer for Eagle Mount. We missed not getting to see everyone. As the season begins to change from summer to fall, we have had to make more changes to our programs. We have some fun activities that will allow us to follow the safety protocols that are in place for COVID-19. Our priority is to keep everyone safe and healthy! We hope you will join us for some fall fun. We even have a fun new way to stay in touch when we can't be together!

-Deb Sivumaki

## Programs on hold for the Fall season:

With heavy hearts we must share that for the health and safety of everyone involved, we have made the difficult decision to postpone the following activities. The COVID-19 pandemic has created conditions that will not allow these programs to happen with the high safety standards we require.

Sled Hockey  
Bowling  
Climbing

## Upcoming Activities:

*\*\*See included fliers for details.\*\**
